## AGING

None

## ALCOHOL

13.0%

## TARTARIC ACID

6.60 g/l

## pH

3.41

## CLOSURE

Stelvin

# 91 POINTS

# vinous

*"Bright straw-yellow. High-pitched, mineral-tinged aromas of fresh citrus and orchard fruits, jasmine and succulent herbs. Tightly wound Meyer lemon, green apple and quince flavors show very good depth and flesh out on the back half. Smoothly blends power and finesse and finishes with nervy cut and impressively persistent citrus fruit and floral notes."*

— J.R. | June 2021

## VINEYARDS

Rías Baixas boasts a number of high quality grapes; chief among them is Albariño, occupying more than 90% of the D.O.'s vineyard area. The soils are largely granite, with some chalk and clay, and contain an abundance of minerals but few nutrients, making it perfect for wine-growing. Old vineyards planted in the Pégola system, traditional for this area, produce the Albariño grapes with a high level of acidity given the proximity of the Atlantic Ocean and the high level of rains. This wine will continue to develop complexity with the bottle age.
